TARRING THE ROAD IN CHITALDRUG TOWN

In continuation of my letter No A6 2983/40 41 dated 24th February 1942 on the above subject intimating that the President Town Municipal Council Chitaldrug has been requested to submit a comprehensive scheme for tarring the important roads in the town together with a definite resolution of the Council pointing out the ways and means of financing it, I have the honour to state that after the issue of several reminders from this office the President made a reference to the Executive Engineer Chitaldrug Division (vide No H C 80/41-42 dated 15th December 1942) requesting to forward an estimate for tarring the road from the Civil Hospital to Santhepet chowk via Doddapet Chikpet and Santhepet The Executive Engineer has in his reply stated that the emulsion required for tarring the roads is no at all available and consequently the preparation of the estimate does not serve any useful purpose In the circumstances explained I request that the scheme may kindly be ordered to be deferred for the present The connected records are enclosed for reference

In this connection I have to state that during the tour of His Highness the Maharaja in July 1942 in this District one of the representations made by the Municipal Council Chitaldrug was that Government may be pleased to give a suitable grant for metalling the roads in the town as they were being washed out from the rains due to the deep gradient of the roads forming cross ruts on their surface and rendering them unfit for traffic inspite of the Municipality

2) 4933/1.

Municipality incurring heavy expenditure for the annual maintenance of roads His Highness was pleased to promise that Government would consider the question when it came up I have therefore instructed the President to submit an estimate for metalling the important roads of the town and I shall forward definite proposals for taking up this work

I have the honour to be

Sir

Adverting to your letter No 10356/Ml 50-42-56 dated the 21st April 1943 calling for proposals for metalling certain roads in Chitaldrug Town, I have the honour to state that the President has sent 21 estimates amounting to Rs 5470/- for metalling certain important roads in the Town The estimates which were sent to the Executive Engineer have been returned duly scrutinised Except one estimate which has been reduced to Rs 380/- after scrutiny, the other estimates are stated to be alright The Executive Engineer, however, adds that in respect of works carried out after January 1943, 12½ per cent over the estimated cost may be added The total cost of metalling the roads in question will be Rs 5410/- plus 12½ per cent, that is Rs 6086/-

In forwarding herewith the estimates received from the President, I request that, in view of the reply given by His Highness the Maharaja of Mysore, during His Highness' gracious visit to this town in July 1943, at the time of presentation of an address by the Chitaldrug Municipal Council, a grant of half the cost may kindly be sanctioned The provision of Rs 3000/- made in the current year's budget of Chitaldrug Municipal Council, under "D Contributions and Grants" has been retained by Government while sanctioning the budget estimates The Municipal Council will be asked to meet the other half of the estimated cost of the work

Early orders are solicited
